Subject: RE: Honolulu High-Capacity Transit Corridor Project Coordination

Aloha Lawrence,

Mary has referred your email to me. I am your contact at The Outdoor Circle for all matters relating to the Transit project.

Thank you very much for your offer to present information to TOC. We are very much involved in this issue and will remain so throughout the project.

It would work very well for us if you could make a presentation to TOC on Friday February 24 at 10:30 AM. This will precede our February Board meeting and will likely be well attended by Board members. You can have a maximum of one-hour for the presentation and questions/answers. Please allow enough time for meaningful q/a.

I look forward to meeting you and I am certain our Board will be eager to hear your presentation. Please contact me if you have questions, comments or concerns.

Mahalo.

Subject: Honolulu High-Capacity Transit Corridor Project Coordination

Aloha Mary,

I know that you have been contacted about the Outdoor Circle participating in our project's transit advisory group and I hope that you will be able to share broad advice and input on issues of concern through that group. I am contacting you today on a very specific item. We are in the process of developing the scope and methodology of the visual assessment for the Honolulu High-Capacity Transit Corridor Project Alternatives Assessment. The visual assessment will be completed following U.S. DOT procedures, but we want to ensure that local concerns are incorporated and addressed in the analysis.

We would like to present our approach to the Outdoor Circle and ask for feedback and suggestions on the approach and data collection. Ideally, we would like to setup a meeting with a representative of your organization sometime between February 22 and 24. We hope that this is the beginning of a collaborative relationship between the Honolulu High-Capacity Transit Corridor Project team and the Outdoor Circle as we move forward in developing a long-term transit solution for Oahu. Please advise if I should be contacting somebody besides you at the Outdoor Circle.

Mahalo,
Lawrence
